

Welcome to deugro Miami!

¡Bienvenidos a Miami!

deugro (USA), Inc. is expanding and has now opened an office in Miami, located adjacent to Miami International Airport.

» Miami is the gateway to South America, Central America and the Caribbean. «

Our office in Miami supports the flow of our clients' materials to and from Latin America, including air freight, ocean freight and air-to-sea or sea-to-air connections.

Miami, Florida, USA is the gateway to South America, Central America and the Caribbean for air and ocean freight.

About three quarters of all air imports and exports between the USA and the Latin American / Caribbean region are handled through Miami. It is a mega transit hub for the distribution of perishable products, hi-tech commodities, telecommunications equipment, textiles, pharmaceuticals, and industrial machinery.
